Do you believe in fairies?

Ron Black has just published a book on fairies and their secret lives. In his book he is trying to prove that fairies exist and live everywhere around us. There are different types of fairies. Some of them are good and they always help people. Other fairies are very hard to please. When they get angry, they can even steal a human child or make you very ill.

Fairies live not just under flowers and leaves in gardens, but also in our homes. There was a custom in some countries to leave something to eat and drink in the corners where people thought the fairies were the most active. Today, as Ron Black writes, people forget to feed fairies properly. That's why there are so many wars and conflicts in the world.

But does Ron Black really believe in fairies? Has he ever seen one? When we asked such a question, he only smiled. Then he took out a plan of his house and showed where they live in his place: brownies in the bathroom, goblins in the kitchen and pixies in the bedroom upstairs. So who knows? Let's try.
